Oklahoma Singers Release Love Song CD for Valentine's Day

Contributors across state relate stories inspiring their favorite love songs

For a college beauty queen, life didn't get much better. Alyssa Siler was being cast in local musical productions, led the church worship music on Sunday and her modeling career was taking off. She had married Ryan, a sharp, good looking salesman and each day was exciting.

She and Ryan started a family and before Hayden was born, they had no idea she had any kind of medical problems at all. When her daughter's diagnosis of Cystic Fibrosis was returned, their lives turned upside down.

"It was a scary and trying time," Alyssa relates in the story about her favorite love song, *Breathe*, on the Kent Jones Productions Valentine's Day release of *Oklahoma Love Journey*. The 2hr, 2 CD set features church soloists like Alyssa performing their favorite love songs and telling heartfelt stories of why the songs are so meaningful to them.

The family was elated when Alyssa was selected one of Oklahoma's best church voices to record popular music; only fourteen in the state where chosen.

Alyssa's rendition of *Breathe* is preceded by the gripping story from her early marriage. The young mother sought to protect her baby and took up a new relationship with God. "My prayers became like the song, very simple because I knew I couldn't do it alone. The good thing was, I didn't have to!" Alyssa says.

Producer Jones hosts the interviews in the live concert release. "Alyssa immediately captures your emotions," Jones states. "Many can relate to surviving a threat to a child. They survived, and are now surviving daily by being friends with God. Her song transformed the word 'breathe' for me."

Altogether, the CDs form a journey through music and love in Oklahoma. It's much more than the music I started after," Jones explained. "They touched me too."

The CD is available at Charlie's Records/OKC, Loving Touch Mall/Yukon, Lasting Impressions/Shawnee, A Touch of Home/Woodward, Energy Force/Edmond and online at www.cdbaby.com.
